

**OFFSET YOUR CARBON EMISSIONS AND  
SUPPORT BOLIVIAN AGROECOLOGICAL PRODUCERS!**

**Buy or donate a personalized tree!**

**CHERIMOYA  
(ANNONA CHERIMOLA)**

**€ 10.00**

**LEMON  
(CITRUS LIMON)**

**€ 13.00**

**AVOCADO  
(PERSEA AMERICANA)**

**€ 13.00**

## How does it work?

As soon as we receive your order, we will buy the selected tree from a local plant nursery in Cochabamba (in the Andean region of Bolivia) and deliver it to an agroecological farming community supervised by our business partner AGRECOL Andes. The producer who adopts it will plant it on his/her farm patch and manage it with love and consolidated agroecological practices. Your tree will grow healthy and without any synthetic pesticides or fertilizers!
